

**Announcement of Postdoctoral Positions: Alcohol Research Training Grant,  
“Alcohol Research Training: Change Methods & Mechanisms”**

The Center on Alcoholism, Substance Abuse, and Addictions (CASAA) announces two new postdoctoral positions on our NIAAA Institutional Research Training grant. The goal of the grant is to prepare future NIH scientists to conduct research to (1) elucidate the processes of change in drinking behavior, (2) develop and test effective methods to effect change through self-change, treatment and indicated prevention, and (3) develop and test models to disseminate knowledge of effective interventions to diverse populations. The grant supports 4 pre-doctoral fellows in Psychology and 3 post-doctoral fellows who may come from any discipline relevant to the goals of the training program. Fellows must work with one of the core training faculty: Barbara S. McCrady (PI and training program director), Michael Bogenschutz, Kent Kiehl, Phil May, Theresa Moyers, J. Scott Tonigan, Kamilla Venner, Katie Witkiewitz, or W. Gill Woodall.

**We have two opening to support postdoctoral fellows in the 2012-2013 academic year.** Applicants must meet the following criteria: (1) minimum verbal, quantitative, and advanced GRE scores at the 60<sup>th</sup> percentile, with exceptions considered for applicants for whom English is a second language, or who have specific and documented disabilities or other individual characteristics that affect their performance on standardized tests; (2) demonstrated interest in the alcohol field as evidenced by prior coursework, research, and/or clinical experience; (3) a record of research productivity as evidenced by research presentations and peer-reviewed publications (4) commitment to a career in alcohol research. Multiple years of funding are available. All fellows must be US citizens or permanent resident aliens.

As training fellows, fellows must be engaged in full-time research training, participate in a weekly Addictions seminar, define a training plan and achieve specific competencies during the year, and limit outside employment. For continued support post doctoral fellows will be expected to prepare and successfully submit an NIH application. The grant provides a NIH-defined stipend of based on years since doctoral degree, tuition remission, support for professional travel up to \$2000 for the year, and support for training- and research-related expenses.

Interested applicants should submit a curriculum vitae, 3 letters of recommendation, 1-page statement of interest, letter stating their qualifications for and interest in the training grant, a copy of their most recent GRE scores, and their graduate transcripts to Barbara McCrady. The deadline for applications is January 15, 2012. Electronic or paper applications will be accepted.

Submit applications to:

Barbara S. McCrady, Ph.D.  
Distinguished Professor of Psychology  
Director, Center on Alcoholism, Substance Abuse, and Addictions (CASAA)  
University of New Mexico  
2650 Yale Blvd. SE  
Albuquerque, NM 87106
