	С		
1	Р	Well Jim, I'm glad you're here. I'm kind of surprised to see you're coming back today.	
2	С	Well I tell you one thing. I sit out here in front for about an hour before I come in and I was about that close to just cranking that pickup up and heading back home.  I'll let you know, just like I told Rich, I'm not real happy about being here. I hope you understand that.	
3	Р	I'm hearing you loud and clear that being here is not something that is really a high priority for you.	
4	С	No. AndI'm looking at you and you've got blonde hair. I haven't had a lot of luck with blonde hair the last couple of weeks.	
5	Р	Is that right? Well tell me a little bit more about that.	
6	С	Well, I got assigned a probation officer and she's a blond headed gal. And I think she's out to just destroy me totally, you know. She's talking about me getting a lot of jail time and a big fine and everything that she's going to do if I don't do certain things. And I just kind of think maybe you're going to do the same thing to me.	
7	P	So it seems to you like I might try to push you around and make you do a whole bunch of things you don't want to do.	
8	С	Yeah. And I'm about up to here with this kind of stuff. I hope you know that. It probably isn't your fault but that's just kind of the way things have been going, you know.	
9	Р	You're pretty fed up.	
10	С	Yeah. My daughter she you know, she uh (sigh) won't let me see the kids.	
11	Р	Your grandchildren. What's that about?	
12	С	Well she'll let me see them but she won't let me take them anywhere anymore.	
13	Р	Really?	
14	С	And that really has me upset you know. She's afraid that I'll take them and hurt them driving around, drinking and driving and things like that.	

		And I never have	
		hurt one of them kids.	
15	Р	So she's afraid that if you take the children with you that you'll be	
		drinking and	
		then you might hurt them or get in an accident.	
16	С	Even when I say to her that I wouldn't drink she still don't trust me now.	
		And	
		that's really got me upset, really got me ticked off.	
17	P	So the fact that your daughter won't even take your word for the fact that	
		you	
		won't drink kind of bites at you a little bit.	
18	С	Um Hm. And she says "well you need help." Well, you know, when she	
		needed	
		help I damn sure didn't put any kind of condition on it. And I don't	
		know what the hell she means I need help. I've always bailed her out. I've always	
		helped her financially if she needs the kids watchedanything she needs	
		ole	
		daddy's always given it to her. And I don't know where she's getting all	
		this	
		from, this is really	
19	Р	What doess she say to you about her concerns?	
20	С	Well she says she's afraid that you know I'll do something to hurt the	
		kids.	
		But I never hurt them kids and never have in my life done a thing to	
		hurt them.	
21	P	Kind of a mystery to you why she'd even be worried about that.	
22	С	Ever since my wife moved out I think she's just taken an attitude with my	
		wife	
		you know, she's siding with her for some reason. Up until my wife moved	
		out things were going pretty good. We're not diverged but my wife is kind of	
		things were going pretty good. We're not divorced but my wife is kind of upset at	
		me also. She moved out a couple of three months ago.	
23	Р	Do you kind of have the feeling that your wife and daughter are ganging	
		up	
		against you?	
24	С	It feels that way. I don't know if that true, but I just kind of feel like	
		what do	
		they call it? "Once they get you down everyone jumps on". That's the	
		way I feel	
		now. Since that DWI thing, car wreck and everything, my wife's left, my	
		daughters you know raising cane with me. Now my probation officer	
		wanting to	
		eat my lunch, put me in jail, you know, break me financially and things.	
		My boss	

has all but said if I lose my driver's license I won't have a job there. I've got about 3 more years to go before I retire. So a lot of what I'm doing here or you know why I'm coming here the only reason I'm coming here is so I can maybe save my driver's license so I won't lose my job and so I won't lose my house. It's not because I want to do any of this crap you know.  22 P Yeah. You're not here because you think you have a problem. You're here because they sent you here.  26 C Yeah. The court sent me here.  27 P And that's the only reason you're here.  28 C Yeah I'll be honest with you. There's no need in me lying to you because you know unless you go down and tell the court that you know I'm not motivated to be here or anything, but I don't like any of this I'll be honest with you. It's taking a lot of time that I don't have. Its taking of money I don't have for the court and the fines and all this stuff. On top of that I've got to pay my lawyer \$1000 which I don't have to represent me and I guess he's probably one of the reasons I'm here today because but you know he and I drink together? I've known this guy ever since he got out of law school. He's a good friend of mine, but I said "Now, why do I have to go up there you know I'm paying you \$1000 to represent me and I've got to go over and go through this evaluation and all that." That does not make sense. And he says, "You've got a drinking problem." Hell, you know I've had to take him home a lot of times, that I've been the one standing and he been passed out and couldn't walk. It doesn't make sense. None of this makes sense.  29 P So it's confusing to you why your drinking should cause a problem or everybody should be talking about that when you look around and you see that other people drink more than you do.  30 C Well at this point it my life- it'd be different now- I mean, 10 years ago I probably would have taken my medicine without being too cranky about it. But, let		I	1 111 / 11071 1: 11 7 11 7	
about 3 more years to go before I retire. So a lot of what I'm doing here or you know why I'm coming here the only reason I'm coming here is so I can maybe save my driver's license so I won't lose my job and so I won't lose my house. me tell				

		you something. I've changed an awful lot in 10 years. I used to be a	
		rounder, I used to fight, I used to rodeo, I used to drink a lot, I made a living hauling rodeo	
		stock and everything. Now I've settled down in the last 8-10 years, I've	
		got me a good job. I'm driving short distance hauls. I drink a little bit but I work hard. It's	
		nothing for me to sit down and drink a six-pack or two of beer and still be able to	
		function. I'm not like one of them bums you see laying down there by the bus	
		depot on the lawn selling his blood and stealing hubcaps. I've never stoled	
		anything and I've worked everyday since I got a social security card	
31	Р	So, it's kind of the same thing you were saying before which is that it	
		feels like	
		everybody's looking at your drinking but its just not as bad as everybody	
		thinks it	
		is.	
32	С	You might say that.	
33	Р	Um hhm.	
34	С	I don't know that its true but you might say that.	
35	Р	Well let me ask you this. Since you've been forced to come here and	
		since you're	
		feeling like everyone's kind of pecking on you like a crow, there's a	
		bunch of crows flying around pecking on you about this thing about your	
		drinking	
		What would you like to do with the time that you spend with me here?	
		What would you like to do with the time that you spend with hie here.	
		would be helpful for you?	
36	С	I don't know because I ain't ever been in one of these situations.	
37	Р	This is all new for you.	
38	С	People keep saying that you need to stop drinking and I ain't never done	
		that	
		either. I think I could. I've tried a couple of times and I wasn't very I	
		think one	
		time I quit for a week or two just to show people I could stop drinking. I	
		wasn't	
20	D	too happy. Really I didn't know why in the hell I stopped anyway.	
39	Р	It almost sounds like you don't even know whether you could stop even if you	
		wanted to	
40	С	wanted to. That's a funny thing to say. I can do just about anything but I can't say	
40	С	That's a funny thing to say. I can do just about anything but I can't say yes to that, that I can stop drinking. I think you're right on that one.	

		There's a lot	
		of things I can do, but I've never tried to stop drinking, I get thinking	
		about it,	
		honestly.	
41	Р	What are the kinds of things you think would keep you from being able to	
7.1		stop?	
		What would get in your way?	
42	С	I got some buddies that are pretty much like me. I'm not the leader of the	
		pack,	
		but none of them boss me around. We go down to the lake on the	
		weekends and	
		we got a spot out there we call it the bunker. We all take our boats down	
		there	
		and we all meet over there on the east side of Elephant Butte Lake, there,	
		and	
		we've kind of cleaned it all up. We made a campsite out of it. We get	
		down there	
		and hoot and holler and shoot guns and have fishing contests and wrastle	
		around and toss somebody in the lake and things like that.	
43	Р	Sounds like you guys have a good time.	
44	C	Yeah and I don't know how they'd feel about me quitting drinking. I	
44		don't know	
		what they'd call me.	
45	Р	They might have some names for you or they might say some things	
1.5		about you	
46	С	First thing they would say I probably couldn't hold my liquor and that's	
		why I	
		stopped and that ain't true. I can out drink any of them.	
47	Р	What would that be like for you? If you didn't drink and you were around	
		them?	
48	С	What do you do for a living?	
49	Р	Well, you know, I'm a psychologist.	
50	С	Well what would you do if you couldn't be a psychologist?	
51	Р	Yeah, it's hard to imagine isn't it?	
52	С	Yeah.	
53	Р	And that's what it's like for you. You can't even imagine it.	
54	С	You couldn't give me an answer, and I can't give you one, so that's just	
		kinda	
		That's a hard thing. Maybe that's something I need to think about before I	
		even	
		do any of this stuff that you're, or that they're, talking about.	
55	Р	What else do you think might get in the way besides this thing with your	
		friends	
		and maybe not having things as easy socially as they were?	

56	С	Well, I'm kind of an uptight guy. I have a hard job. I work around a lot of old	
		boys that are pretty rough and tumble. I drive a long ways and I unload	
		big trucks. I get tired sometimes. I like to sit down and have a drink.	
57	Р	So drinking kind of helps you relax and, you know, cope with your life.	
58	С	When I get really angry. I don't have to go slap somebody around. I used	
		to,	
		now. When I was younger I'd go over to somebody that upset me or	
		irritate me	
		and I'd take it to 'em but since I've gotten older I kinda have a couple or 3 or 4	
		beers, kinda cool down a little bit.	
59	Р	You know you've mentioned that twice already you used to be more hot	
	•	tempered than you are right now. What do you think caused you to kind	
		of	
		become moreless angry and less violent?	
60	С	(laughing) I got put in jail a few times is one of them. I used to go down	
		and hang	
		out in some pretty rough places. I got throwed in jail a couple of times:	
		Disorderly Conduct, Public Brawling, and things like that. My wife had to come	
		bail me out several times. It got pretty costly doing that. Even though I	
		enjoyed	
		it, it was kinda, it got a little bit costly, I got a bad name in town, things like	
		that. PeopleI'm from small little town up 20 mile north of here and everybody	
		knows me. Especially the policeman. They know me pretty good so they	
		don't	
		cut me no slack anymore.	
61	Р	So it looks like that was causing you problems in a lot of different areas,	
		with the	
		law and your family and other people in town.	
62	С	Well just like this thing, my DWI. Did Rich tell you about what happened	
		to me?	
63	Р	Yeah he did.	
64	С	I was sitting there at the damn stop sign, well first of all what happened	
		was	
		Saturday morning we were all going to the lake, I had my boat hooked up	
		to my	
		pick up and then my job called me, said they wanted me to come out there	
		and	
		just drive one load out to Jemez Springs and back and then I'd be off for the rest	
	1	une reut	

		of the day. Well I'd already had 3-4 beers, maybe more, we'd partied that	
		night before and I got up and was feeling bad, so I had 3 or 4 drinks early that morning,	
		But I was just going to the lake, I wasn't going to work. It was my Saturday off	
		and then they called me. And I went ahead and on the way out to the job, settin	
		there at that 4 way stop sign and this old woman, she must have been 100 years	
		old, come flying down the road and crashed right into the back end of that pickup	
		of mine and the police come and damned if they didn't arrest me. And they say	
		it's my fault for being there. Now that didn't make sense. You knowsome kids	
		or a school bus been sitting there that woman would have wiped them all out.	
		She's lucky she hit my truck and it didn't tear it up too bad but it bent it pretty	
		good, but	
65	Р	So just because you were drinking they kind of used that as an excuse to	
		pin the accident on you.	
66	С	Put on me. She walks away scott free. Tore my pickup up now I got to	
		pay for her car for fixing her car and my pick up. Now I'm the one having to pay	
		the	
		penalty because somebody's grandma got out there and couldn't see and	
		driving	
		around crazy. That's really weird. Really stupid to me and that's got me upset	
		too.	
67	Р	Yeah it sounds like it.	
68	С	Every time I think about that, you know.	
69	Р	This accident is what caused you to have to come in here and got you in	
		all that trouble at work and now they're thinking about taking your driver's	
		license away	
		and that's why you gotta come here.	
70	С	Yeah. Is there anything maybe you guys can do maybe about me keeping	
		my license and all that? Could you say something to my, that witch I got for a	
		probation officer, maybe get her off my back, or is there, you know I	
		wouldn't	
		mind doing some of this stuff may if there was anything in it for me, but	

	1		
		so far	
		I've been having to pay this and pay the lawyer and pay for the wreck and	
		pay for	
		the evaluation and everything and so far ol Jim ain't got nothing.	
71	Р	Okay, well let me just say that I think here in the treatment center we	
		don'twe really try not to get too involved with the legal aspects or the	
		legal trouble but lots	
		of time people who have a DWI come here and they stay in treatment for	
		a while	
		and they quit drinking and then usually if that happens they're kind of out	
		of	
		trouble with the DWI and with the probation officer But, I don't know	
		whether	
70		that's something that you're interested in at this point or not.	
72	С	This treatment center thing- is that here at this facility?	
73	Р	Yeah.	
74	С	And what do ya'll do?	
75	Р	We do all different kinds of things. We have all different types of	
		treatments here.	
		Some people come here and live for a while. Some people come on an	
		outpatient	
		basis, some people come with their families, some people come by themselves.	
		There's just all-different kinds of ways to do it. There's definitely more	
		than one	
		right way.	
76	С	What's you said people come here to live. Do you think I'd have to	
/0		come here	
		to live?	
77	Р	Well I think, you know you're the one that really needs to make that	
		decision	
		about what's the right kind of treatment for you. I couldn't decide that for	
		you	
78	С	I wouldn't mind coming here to live, but I wouldn't want to be in one of	
		them	
		places where you sit around in pajamas a bunch of longhaired hippie	
		types crying	
		and bitching and stuff like that. That ain't my style you know.	
79	Р	So you're kind of wondering what it would even be like here.	
80	С	Well, I've seen pictures and things and watched TV and some of that	
		stuff.	
		How long do you think I'd be here?	
81	Р	Well again I think that's something that you need to decide, what kind of	
		treatment you want. I mean, there's some guidelines but on the other hand	
		you	
		would need to be the one that decided.	

82	С	Well, I want something that will help me with court.	
83	Р	Um Hmm.	
84	С	Can you guarantee it will help me in court?	
85	Р	Well, I surely can't guarantee it. All I can say is that people who have	
		been here in the past, you know, we have been able to help them with	
0.5		that.	
86	С	You know there was another thing I was thinking about. If I don't stop drinking	
		I'm probably going to be right back in this mess again.	
87	Р	Yeah.	
88	С	Maybe not right away but somewhere down the road.	
89	Р	It sounds like if you look ahead take look at your drinking and see where	
		you're	
		going to go with that, you're kind of worried about that.	
90	С	Yeah. Cause, if I get out of this, if I can save my house and my job I'd	
		better do something that's gonna keep me from doing this again, don't	
01		you think?	
91	Р	Its time for you to really get serious about this.  Yeah. I just. I did something about the fighting thing. I just didn't go to	
92	С	the bars	
		no more.	
93	Р	Right, you were successful in changing that in the past and sounds like	
		you'd	
		kind of like to be successful changing this.	
94	С	As long as I'm putting all this money into it I'd like to come out with	
0.5	-	something Variable to a state of the state o	
95	Р	You'd like to get something for your money, huh?  That makes sense don't it?	
96	С	Yeah it sure does.	
97	Р	But, boy I tell you what, I'm sure not really looking forward to any of	
98	С	this. I	
		don't know.	
99	Р	So you kind of feel two ways about it. On the one hand, you know, you	
		think	
		you'd like to have a change and you'd like to quit drinking and on the	
		other hand	
100		you think you kind of dread it.	
100	С	Is that normal?  Veel. That's real normal for nearly when they first start thinking about	
101	P	Yeah. That's real normal for people when they first start thinking about something like this.	
		something fire this.
